## Faculté Saint-Jean Collation spéciale des diplômes:

Le vendredi 4 mai sera pour la Faculté Saint-Jean de l'Université de l'Alberta, une date historique. Ce jour a été choisi pour marquer l'inauguration officielle de la Faculté et pour décerner des diplômes honorifiques à Madame Antonine Maillet et au Révérend Père Arthur Lacerte, OMI.

La collation des diplômes aura lieu au Convocation Hall de l'Université, à 16h et le banquet et spectacle auront lieu à l'hôtel Macdonald à 18h. Le président désigné de l'Université de l'Alberta, M. Le Dr. Myer Horowitz sera l'orateur invité au banquet.

La Faculté Saint-Jean a pour buts, d'une part, de permettre aux étudiants francophones de poursuivre leurs études dans une ambiance française et, d'autre part, de permettre aux anglophones bénéficier des privilèges de ce milieu.

Les cours offerts par la Faculté permettent d'obtenir le diplôme de baccalauréat en Lettres, en Pédagogie, et en Sciences.

La promotion de 1979 représente le premier groupe d'étudiants à recevoir un diplôme depuis que l'Université a accordé au Collège Universitaire Saint-Jean son nouveau statut de Faculté.

A ses débuts, la Faculté Saint-Jean était un juniorat fondé par le Père André Daridon à Pincher Creek, en 1908. Cette institution devait servir à la préparation des missionnaires oblats. Deux ans plus tard, le personnel et les étudiants sont venus s'installer à Edmonton pour occuper le site actuel dans le district de Bonnie Doon.

En 1943, le Juniorat Saint-Jean devient Collège et il ouvre ses ports aux francophones de l'Ouest canadien intéressés à poursuivre leurs études secondaires dans leur langue maternelle.

Le collège devient partie intégrante de l'Université de l'Alberta en 1970, et, en 1976, l'Université fait l'acquisition de la propriété et des immeubles du Collège Universitaire Saint-Jean.

La Faculté Saint-Jean est de plus en plus reconnue comme centre d'éducation et de culture française. Le nombre des étudiants est d'environ 200 pendant la session d'hiver et de 300 pendant les mois d'été. L'administration retient les services de 50 professeurs et moniteurs. □

## La Faculté Saint-Jean decernera un diplôme à son ancien recteur

Le Collège Saint-Jean, aujourd'hui Faculté Saint-Jean de l'Université de l'Alberta, décernera demain le diplôme honorifique de docteur en droit à son ancien recteur et doyen, le Révérend Père Arthur Lacerte, OMI.

Le chancelier de l'Université de l'Alberta, Madame Jean Forest, sera présidente de l'assemblée et confèrera le diplôme.

Le Père Lacerte est présentement directeur-adjoint de l'Institut pastoral de l'Université Saint-Paul à Ottawa. Il donne aussi des cours à l'Université d'Ottawa et siège au Conseil des Gouverneurs de celle-ci.

Recteur du Collège Saint-Jean de 1957 à 1968, et doyen de 1965 à 1967, le Père Lacerte enseignait aussi des cours de psychologie.

Pendant cette même période, de 1964 à 1967, il donnait des cours de psychologie et de sociologie à l'école des infirmières de l'hôpital Miséricorde.

Très actif dans la communauté, le Père Lacerte était membre du Sénat de l'Université de l'Alberta, de 1965 à 1968, membre de l'Association des Registraires de l'Alberta de 1966 à 1968 et fondateur du mouvement Jeunesses Musicales de l'Alberta.

Le Père Arthur Lacerte est né à Marcellin, en Saskatchewan, en 1915. En 1938, il s'est inscrit à l'Université Grégorienne de Rome où il a, par la suite, obtenu une licence en Philosophie. Plus tard, à l'Université d'Ottawa, il a préparé une licence en théologie et un baccalauréat-ès-lettres en latin et en philosophie, en 1949. Deux ans plus tard, l'Université de Montréal lui décerne une licence en pédagogie.

Le Père Lacerte était professeur au Collège Mathieu de Gravelbourg en Saskatchewan de 1942 à 1951 lorsqu'il fut nommé doyen du Collège. Il est resté à ce poste jusqu'à ce qu'il devienne recteur du Collège Saint-Jean.

De 1968 à 1970, il était membre du Conseil des Adviseurs du Collège Saint-Boniface au Manitoba, et de 1973 à 1975, professeur à cette même institution.

En 1957, l'Université Saint-Anne de Church Point en Nouvelle-Ecosse lui décerna un diplôme honorifique. □

## Diplôme de doctorat décerné à Madame Antonine Maillet

Ecrivain bien connu, Antonine Maillet recevra un diplôme honorifique de Doctorat en droit à l'occasion de la collation

Madame Antonine Maillet

spéciale de la Faculté Saint-Jean de l'Université de l'Alberta, le vendredi, 4 mai, 1979.

Le chancelier de l'Université, Madame Jean Forest, va conférer elle-même ce diplôme au Convocation Hall de l'Université.

Madame Maillet a manifesté ses talents littéraires par la publication de plusieurs oeuvres dont *Point-aux-Coques*, "Don l'Orignal," "la Sagouine" et "Mariaagélas." Elle a déjà reçu le Prix Champlain (1960), le Prix du Gouverneur Général (1972), et le Prix Goncourt (1977).

Elle a mérité ce dernier prix pour les qualités littéraires de son roman "les Cordes-de-Bois." Elle a occupé plusieurs postes dans l'enseignement, notamment au Collège Notre-Dame de Moncton, à l'Université de Moncton, au Collège Jésuite de Québec et à l'Université de Montréal ainsi qu'à l'Université Laval.

Madame Maillet est née à Bouctouche, au Nouveau-Brunswick, où elle a fait ses études secondaires. Elle a obtenu un Baccalauréat puis une Maîtrise-ès-Lettres de l'Université de Moncton et plus tard une Licence-ès-Lettres de l'Université de Montréal.

L'Université Laval lui a décerné un Doctorat en Philosophie en 1970.

En plus de ses romans bien connus, Madame Maillet a aussi

écrit des pièces de théâtre et un guide humoristique de l'Acadie à l'intention des touristes.

Madame Maillet détient un diplôme honorifique de Docteur-ès-Lettres de l'Université de Moncton. Elle est aussi officier de l'Ordre du Canada.

Elle est membre de nombreuses associations dont l'Association des Écrivains de Langue française, la Société des Dramaturges de France et la Société des Lettrés de France.

Elle est également membre de la Société Royale du Canada et de l'Académie Canadienne-française.

## The University of Alberta Senate

*The April meeting of the University of Alberta Senate was held on Friday, 27 April in the Council Chamber, University Hall. The following is a brief summary of the issues and topics addressed after the Executive Officers of the Universities of Calgary and Lethbridge had presented brief reports concerning their institutions.*

*Report of the Chancellor*  
The Chancellor, Mrs. Jean Forest, presented a brief report concerning her activities since the time of the last Senate meeting in February and referred to a busy schedule of public engagements for May and June. In addition, Mrs. Forest paid tribute to those people for whom the meeting on Friday marked their last official activity as members of the Senate. The following Senators have completed their term of office: Gerry Lock, Alexandra Munn, Jean Robertson, Sharon Bell, Steven Kushner, Dean Olmstead, Dan Zirker, Hazel Braithwaite, Elly DeJongh, Alderman Bettie Hewes, Joe Kandler, Ed Lewis, Jean McBean, Patti Meekison, Maureen Samuel, Mary-Jane Shaw, Eugene Steinhauer, Vern Wishart, Bob Edgar, and Harry Gunning.

Tribute was paid to all these people for their individual devotion to the cause of higher education in this province and

their dedicated commitment to the very many responsibilities which are the province of the Senate.

*Report of the Executive Officer*  
The Executive Officer, Mary Totman, extended to members of the Senate an invitation to attend the formal opening of the University of Alberta Devonian Botanic Gardens on 13 June. Following a tour of the facility at 1:30 p.m., the new Administration Building will be opened at 3 p.m.

The Executive Officer also read a letter to the assembled Senate from the former Minister of Advanced Education and Manpower, Dr. Hohol, written while in office. Dr. Hohol commended the Senate for its recommendations concerning the proposed amendments to The Universities Act and in particular to Section 51 of that Act. The Minister referred especially to "the fairness" and balanced discussion of the Senate's report and stated that he would recommend the report of the appropriate parties in the provincial government.

In addition, Mrs. Totman reported that the Executive Committee had agreed, subject to Senate's ratification, to establish an Ad Hoc Committee concerning the acquisition and use of second languages.

*Report of the President*  
Dr. H.E. Gunning spoke briefly about his past five years as an *ex officio* appointee to the Senate. Dr. Gunning reviewed his experience as a Senator and as President of the University. In particular he congratulated the Senate on its dedication to the education of the primary resource of this province, its people. The University, he said, offered leadership to the province in many varied respects. The importance of the University he attributed not only to the work of the staff and students, but also to the volunteer efforts of Albertans who play such a great role in defining the educational needs of the province. "Without the Senate," Dr. Gunning said, "the University would be much less important and much less relevant to the needs of our society."

### *Report of the Alumni Association*

The current President of the Alumni Association, Mr. Bob Edgar, presented an overview of the activities of the General Alumni Association and its Council. Mr. Edgar noted that Dr. and Mrs. Gunning visited many of the various branches of the alumni during the last year. There are branches in Edmonton, Montreal, Toronto, Ottawa, Calgary, Red Deer, Grande Prairie, Vancouver, and Victoria.

Mr. Edgar also referred to two major projects currently undertaken by the Alumni Association: the memorial for Mamie Simpson, the first Dean of Women at the University, and the Alumni Family Exchange program. To commemorate the contribution of Miss Simpson, Mr. Edgar noted that there are four main objectives: the setting up of a plaque in Pembina Hall, the acquisition of a major work of art for the University, the distribution of works of art to various student areas of the University, and the establishment of a Mamie Simpson Memorial Scholarship Fund.

The second major project of the Alumni Association, the establishment of an exchange program for children of Alumni, Mr. Edgar suggested, grew out of a recognition that one of the most valuable aspects of the centennial celebrations in 1967 was the student exchange program. According to Mr. Edgar, similar benefits might well be gained from the Alumni exchange proposals.

*Emil Skarin Fund Committee*  
Dr. Burton Smith, Chairman of the Committee, reported that funds were to be distributed to two groups associated with the University. The award was made during the Senate's lunch on 27 April.

Mr. John Baxter was awarded funds for the continuation of an interdisciplinary journal edited and produced by him and his associates. The *Compass* has a wide readership and is well received across Canada.

Mrs. Parker-Jervis, of the Society for Talent Education, also received funds. In this case, the funds will be used for the pur-

chase of musical instruments of appropriate size for younger children who make use of the Society's programs.

The Society for Talent Education was established by Professor Robertson of the Department of Music in 1965. Currently the Society has a staff of six teachers and an enrolment of 120 students.

In addition, it was reported that the F.P. Galbraith Award for Journalism is to be awarded in 1979 to Mr. Chris Ladd, current City Editor of the *Edmonton Sun*. Mr. Ladd will audit courses at the University in the coming winter session.

#### *Honorary Degree Recipients*

In addition to Father Lacerte and Madame Mailliet, who will receive honorary Doctor of Laws degrees at the special convocation of the Faculté Saint-Jean tomorrow, the following people will be receiving honorary Doctor of Laws degrees at the convocations in May. Professor Emeritus Wilfrid Pilkington, Dr. Maury Van Vliet, His Honour Chief Justice J.V.H. Milvain, and Mr. Max Ward. Each of these individuals will present a convocation address. *Folio* will summarize their contributions to Alberta society in a later special edition to be distributed 24 May.

*(Folio will continue its report of the spring meeting of The University of Alberta Senate on 10 May)*

## Concert Choir on Tour

"What an exceptional choir. Stylistic feeling, transparency, and extraordinary vocal liveliness, theatrical vivacity in combination with humor and natural joy in music-making swept the entire audience to stormy applause."

This glowing tribute was paid to the University of Alberta Concert Choir by a German critic in the course of the Choir's tour in 1977. As this issue of *Folio* appears, the Choir is again touring Germany, eager to repeat and build on its success of 1977 in representing the cultural vitality of Canada, particularly Alberta.

The Choir, which is composed of forty-eight members selected from the full ensemble of eighty members, will give more than fifteen formal concerts between 2 May and 20 May. This figure includes two concerts in Salzburg, Austria. The opening concert will be given at Bundesgartenschau in Bonn on the occasion of that city's annual garden festival. In addition to singing in the major centres (Bonn, Munich, Frankfurt, Salzburg) and smaller cities (Monchengladbach, Konigstein, Hilden), the Choir will wedge in some sightseeing including a cruise on the Rhine, a visit to the Black Forest, and a tour of the Daimler-Benz factory.

The ensemble will travel by charter bus and will stay with local families, usually for a period

of several days, as concerts are sung in nearby areas. The repertoire, says conductor Larry Cook, is a balanced one which reflects many different musical periods and styles. It features a healthy portion of Canadian music, including works by Violet Archer and Gerhard Krapf of this University.

There will be limited time for rehearsals so the Choir will have to hark back to the intensive training which began last summer and continued virtually up to departure time. Of course the performers are apt to gain further inspiration from the historic settings of the concerts and the musical knowledge of the audiences. In combining these factors and the good wishes from the home front, it seems likely that the Choir will again reap critical praise and be engaging representatives of the University. □

## Arbitration of the Non-Academic Staff Agreement

On 19 April, the Public Service Employee Relations Board (PSERB) issued its decision with respect to items that will be subject to arbitration and which will comprise several of the conditions under which non-academic members of staff at The University of Alberta are employed.

According to a news release circulated by the Non-Academic Staff Association (NASA), the PSERB decision "should now clear the way for arbitration board hearings and ultimately an arbitral award to establish a collective agreement for the 3,500 Non-Academic staff (hourly and permanent; part-time and full-time) who have been without agreement coverage since June, 1978. It will also make possible, once the arbitral award is issued, the commencement of negotiations to establish pay rates and benefits for the period 1 April 1979 to 31 March 1980."

The decision handed down by the PSERB on 19 April constitutes a public document and is available for perusal by all people who wish to gain more information about those articles which have been made subject to, or excluded from, the arbitration process. The offices of the PSERB and its Executive Director, Mr. S.M. Marlowe, are situated on the Twentieth Floor, Toronto Dominion Tower, Edmonton Centre. The telephone number is 427-7001. □

## Data Needs For Higher Education

E.A. Holdaway, Director of Institutional Research and Planning, and Abram Konrad, Coordinator of the Centre for the Study of Postsecondary Education, recently represented the University at a colloquium in Ottawa which was organized by Statistics Canada. The focal point of the colloquium was "Data Needs for Higher Education in the Eighties." A host of questions was raised including the following: Who decides how much "just-in-case" data are needed by postsecondary institutions and organizations? How can Statistics Canada ensure that its data are accurate and current? How can Statistics Canada ensure that equivalent definitions, for example, those concerning full-time students, are used in different institutions? What reporting and analytical services should be provided free

and what services at some cost to clients, such as universities and university staff? How can joint university/Statistics Canada research and publications projects be conducted?

A communiqué from Dr. Holdaway points out that additional budget cuts may reduce even further the ability of Statistics Canada to serve the needs of post-secondary institutions. According to Dr. Holdaway, the serious underestimation of the value of educational statistics probably contributes to this erosion of funds. He suggests that university staff who are interested in ensuring that Statistics Canada maintain its current postsecondary statistical services take the following courses of action:

1. Advise Statistics Canada staff of the use that they make of their data and publications.
2. Advise Statistics Canada of suggestions for modification of its activities.
3. Write to MPs expressing concern about the reduced level of service.

Dr. Holdaway notes that, at present, Statistics Canada provides valuable services to many administrators and researchers interested in postsecondary educational data. "Members of the University community should endeavor to ensure that serious deterioration of these services does not occur," Dr. Holdaway says. □

Food Exchange Playing Cards  
*British Diabetic Association*  
kit K-28  
2-54 MedSci Bldg #3096  
Teaches calorific food values to individuals; each card represents a food, with calorific value stated on each corner. Suggests three different ways of using the cards.

Clergy in Cancer Management  
*American Cancer Society*  
videocassette 26 Mins CM 352  
2-54 MedSci Bldg #3096  
Explores the role of the clergy in undertaking a broader responsibility with cancer patients, as part of the rehabilitation team. The well-known role of ministering to those faced with imminent death is not emphasized; the focus here is on awakening hope and a commitment to living.

## Research Grants

### Granting Agencies: Application Deadlines

This list of deadline dates for submissions to granting agencies for research funds, exchange programs, and travel grants is published every month in *Folio*. To allow sufficient time for processing, all applications should reach the Research Grants and Contracts Office at least ten days before the deadline date. Where other University resources are involved, the time may be much longer than ten days and such applications should be submitted well in advance. An extra copy of the application should be provided for the Research Grants and Contracts Office.

Further information may be obtained by consulting the *Calendar of Granting Agencies for Research Funds, Exchange Programs, and Travel Grants*, which is available in the offices of Deans, Directors of Institutes and Centres, and the Department Chairmen, or by telephoning the Research Grants and Contracts Office, 432-5360. Note: Although the *Calendar* is updated on a continuous basis, the following information is subject to change without notice. Code: (R) Research Funds; (E) Exchange programs; (T) Travel grants.
